Day 19 - Hemp!

This infographic was colored with Numi's organic earl grey tea!

Below is the full image, because Instagram cropped it a bit:

wonders of
HEMP

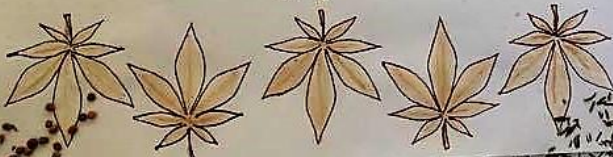

The United States
imports \$500 million
in hemp products from
Canada and China

Agricultural
Act of
2014

33 States have passed
hemp-related legislation

Federally, it is a controlled
substance and can only be
grown for research

hemp is naturally weed and pest resistant,
and sequesters 4x more CO₂ than trees

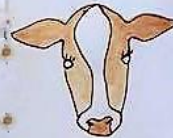

Hemp is used to make...

Biomass
fuels
paper
clothing
soaps
and thousands more!

It is also a whole protein
and contains omega fatty
acids, so it makes great
food for people and animals

∴ Making a simple change ∴

want to support a more
sustainable crop?
want to bring jobs back
to America?

{ Go PRO-HEMP }
