

# Project Green Challenge Day 2: Footprint- Greenest

Team Name: For The Love Of Earth  
Username: Fortheloveofearth  
Email: [carissakieger@gmail.com](mailto:carissakieger@gmail.com)  
School: Shaker Heights High School

# Instagram Post

We used watercolor, collage, and modern calligraphy to create this poster. We posted it on Instagram and will hopefully be hanging it in the hall at our High School!

shaker.fortheloveofearth

**shaker.fortheloveofearth** After finding our global footprint 🌍 & taking pledges today, we also used our creativity to hopefully inspire people to stop & think for a moment about how our actions may be affecting our one & only home & what we can do about it. Turning off lights, biking to work/school, even unplugging chargers & appliances that aren't currently being used can all help reduce our carbon footprint. How big is your footprint? 🌍
