

PROJECT GREEN CHALLENGE
DAY 27 COMMITMENT GREENER

Theory of Change: Targets Example

| THEORY OF CHANGE: Solving the South India's Water Crises | | |
|--|--|---|
| STRATEGIES | TARGETS | OUTCOMES |
| <i>Leave blank for now</i> | <p>Host stakeholder meetings with all needed community members</p> <p>Work with scientists and technical experts to test and prototype actionable solutions and prototypes</p> <p>Work with state agencies to make implementation possible</p> | <p>By 2030, we would have replenished the groundwater level in South India to back to pre industrial levels</p> |
