Hi. I am writing to you to address an issue very important to me. I am sure you are aware of the difficulties climate change will impose on our future. A recent report by the intergovernmental panel on climate change stated we have less than twelve years as a planet to prevent large scale disasters from climate change. Severe floods, rising sea levels, stronger storms, and rampant fires will increase across the United States costing billions of dollars. Although there has been a recent surge in environmental activism and awareness, US citizens have carbon footprints much higher than the global average. According to the Global Footprint Network if everyone lived like an American we would need the resources of four Earths! I hope you will do all you can to install green policies that promote global sustainability. Please consider supporting a carbon tax or investments in green energy like solar. Our current model is unfair to the rest of the world and will come back to haunt us as we face the consequences of a rapidly changing Earth. This nation's youth is standing up but we need your help to get the message across. Here is a poem I wrote for the Project Green Challenge. Feel free to share it.

Why do we tip toe around  
The giant's foot sunk in the ground.  
From north to south, east to west  
There is no place it does not rest

More and more but less and less  
Carbon fills the air with every breath  
Replacing fish in deep dark seas  
Plastic from aggrandized factories.

The Earth is but a fragile ball  
It's harvest stolen before each fall,  
Need Need, what do we need?  
Must we make our planet bleed?

We must try to do our share  
I have to hope that people care  
Please help our country lead the way  
No time is left to go astray.

The screenshot shows the official website of the United States Senator for California, Dianne Feinstein. The page features a scenic background image of a river flowing through a forested valley with mountains in the distance. At the top, the text reads "United States Senator for California" followed by the California state seal and the name "DIANNE FEINSTEIN". On the left side, there is a vertical "MAIN MENU" with icons for home, phone, email, and other services. On the right side, there are social media icons for Facebook, Twitter, YouTube, and RSS, along with a "RELATED LINKS" section containing links for "E-Mail Me", "Newsletter Signup", "Washington, DC Office", and "State Offices". A central white box displays the message "E-Mail Me" and "Thank you for your comments." Below this message is a "Select Language" dropdown menu. The bottom right corner of the page features a large, semi-transparent image of the California state seal with the text "CALIFORNIA REPUBLIC" below it.

**MESSAGE COMPLETE**

You have successfully sent your message. [Click here to return.](#)

Thank you for the message - your feedback and ideas are a priority to me and my administration. Californians like you are h  
time for us to get back to you as we build an inclusive, responsive, and people-powered government. I encourage you to re  
expand opportunity to every Californian.

Thank you again for sharing your feedback and helping us shape California's future.

Sincerely,  
Governor Gavin Newsom
