# MY DRAWING

# JOE MACKKEY

*Green Energy &  
Climate Change*

Joe Mackey supports green energy. "It's time we began diverting our investments from fossil fuels and towards renewable energy technologies." He also says, "America must tie down our environment together and invest in green energy technology."

# JOE MACKKEY

## *Racial Justice*

Joe Mackey wants to fight racial injustices. He is always educating himself through community conversations and speaking with the head of the NAACP in West Lafayette and other politicians that want to end racial injustices. "Local, state, and federal governments can proactively work with Hoosier communities to end racism in all its many forms."

# JIM BAIRD

*Green Energy &  
Climate Change*

In his two years in Congress, Jim Baird has made NO climate progressive votes. In fact, he voted against the Protecting America's Wilderness Act, Coastal & Marine Economies Protection Act, and Climate Action Now Act. His website also has no mention of climate change.

# JIM BAIRD

## *Racial Justice*

His website says that "even in the midst of racial unrest, a pandemic and a contentious presidential election, Congressman Jim Baird is proud of what he's seen from his country in 2020." He goes on to say nothing about racial injustices! He just mentions how hard it has gotten in Congress. He seems to describe racial injustices as a road block and not as an issue.

He also avidly supports President Donald Trump, a known racist and white supremacist.

# MY POSITION

The only candidate that supports a just world for everyone is Joe Mackey, who recognizes the climate crisis and racial injustices. Jim Baird actively works against people's efforts to combat the climate crisis and racial injustices. He is causing movement in the wrong direction

I want to live in a world that is sustainable and cares about all of its people, but first we need to end the climate crisis and racial injustices.

# MY POSITION

We will never have a safe country or world with people like Jim Baird in office. Jim Baird is symbolic for everything that is wrong with the US. Joe Mackey is better equipped and more knowledgeable to serve as IN's 4th District US Representative.
