

# GREEN LIFESTYLE

- ✓ Use a refillable water bottle instead of buying bottled water
- ✓ Bring your own grocery bag when going to the supermarket
- ✓ Avoid using plastic utensils and plates
- ✓ Start composting! Helps soil become nutrient-rich

#gogreen

The infographic features a lightbulb with a plant inside, a green water bottle, a reusable grocery bag filled with produce, a set of silver utensils (knife, fork, spoon), and a white bucket labeled 'COMPOST'.

**Use sustainable water bottles instead of plastic bottles!**

**Use a reusable container to store food instead of a plastic bag!**
