

The logo for 'Project GREEN CHALLENGE' is centered in a white hexagonal frame. 'Project' is written in a teal cursive font with a leaf icon above the 't'. 'GREEN' is in large, bold, teal block letters. 'CHALLENGE' is in smaller, teal block letters below it. The background features nature-themed images: a forest, a waterfall, and people working in a field.

Purpose

Describing the day:

My day begins with a quiet morning at home, in my room on a sunny day in the company of my pet. I prepare breakfast and talk with my family, then I go to the park for exercise and then to an art exhibition. Together with my friends I organize a fair where we give workshops and attend several people that I admire. I feel a lot of happiness and calm. I am especially excited to live with many people, share a little of what I know and relax with my loved ones. To end the day we go to my favorite restaurant, I go home and watch my favorite movie.

What intersections did you discover?

Between my pleasure to live and learn.

What made you happiest during your day?

To be able to share my ideas and knowledge with others.

What are three small steps you can take right now to begin to bring this ideal day to life, even in a small way?

Making plans with my loved ones to hang out together, exercising outdoors and taking classes on art and technology.

Motivation

As I envisioned my ideal day, I was extremely motivated and passionate about helping everyone achieve a better quality of life. I have a great interest in education, science and the environment. ; I know we can all make meaningful changes to our society and planet! That is why I want to become an ambassador to promote collective action, strengthen relations between nations and discuss issues that we all share 🌱
