lyrics:

In a world where we must choose,
To protect or to abuse,
Its time for us to raise our voice,
In the face of planet earth's bruise.

let's vote for a cleaner Earth,
For policies that prove their worth,
With government on our side,
We will change the course of the tide.

Every ballot will pave the walkway
to a future brighter day

I used the melody from Tally Hall's "Hidden in the Sand" @turninggreenorg #PGC
