Why did I join this PGC journey?

Because I believe small actions can create big changes. Just like nature teaches us balance these bears remind me that every creature belongs and matters- we're also part of something bigger. That's why I chose ODS 15: Life on Land. It's about protecting forests, animals, and biodiversity. My why is simple: I don't want nature to only exist in paintings or pictures, but as a living, breathing world we can all enjoy and care for.

Taking care of the earth means taking care of ourselves.

¿Por qué me uní a este viaje de PGC? Porque creo que las pequeñas acciones pueden generar grandes cambios. La naturaleza nos enseña equilibrio -estos osos me recuerdan que cada ser vivo importa- y nosotros también somos parte de algo más grande.

Por eso elegí el ODS 15: Vida de ecosistemas terrestres Se trata de proteger los bosques, los animales y la biodiversidad. Mi porqué es simple: no quiero que la naturaleza solo exista en pinturas o fotos, sino como un mundo vivo que podamos disfrutar y cuidar.

Cuidar la tierra es cuidarnos a nosotros mismos.
