QUESTIONS I WAS ASKED TODAY

“Why are you holding all your trash?” - student at JHS
It's a part of Project Green Challenge, to emphasize how much waste even one person creates in a day! Try to use reusable and recyclable materials.

“Do you want me to throw that out for you?” - My mom
No! I am doing this to see how much waste I personally create in a day so I can reflect and change my habits.

REUSABLE OPTIONS
